Water Smash Pools are a leading provider of pools, water features and landscaping. We have a strong Retail business installing and servicing private pools and landscaping for all kinds of clients in UAE and this is where our story began.

We are specialized in commercial, residential landscape and swimming pool designs and construction. We provide a wide range of landscaping designs, consulting services to an extensive clients and consultants.

Our core competency today is providing pools and landscaping for Real Estate and Resort developments, with both the products and the necessary Project Management experience to deliver on time, on-budget, and on-quality.

We consider that excellence in Quality, Safety and Environment compliance are vital to our success and growth. We as a group continuously strive to improve our performance in these areas. We appreciate the opportunity to demonstrate our professionalism and decades of knowledge to the people of the UAE, offering the latest and greatest in the swimming pool industry in the UAE market.

We Expertise in

We undertake all types of swimming pool construction and installation works, from the very large Olympic size pools to the small residential pools. Our work is of the highest standards and we use only high quality swimming pool products.

Our experienced engineers design and programmed the sequence water switch nozzles, jumping jets, and LED RGB lighting systems to create a number of spectacular fountain shows and displays

We are distributors for a number of top quality fountain manufacturers from Europe, America and Canada, and we stock a wide range of fountain products.

Water Smash Pools supplies and constructs a wide range of Spas, from the ready assembled above ground units to the inground concrete custom designed units, for both commercial and residential purpose.
